

The VTR Group is a specialised service provider for the operational management and implementation of transformation and restructuring concepts for companies and organisations in transitional and special situations. For our expanding group of companies, we are looking for a motivated and qualified employee (m/f/d) in the region Austria/Germany as of now:

(Senior) Manager Finance

Your Area of Responsibility

- Active support of change management processes from the finance and controlling perspective in client projects
- Creation and further development of financial planning models (especially integrated planning: balance sheets, P&L, cash flow and KPI driver) in client mandates for complex transactions (incl. scenario analysis and implementation recommendations)
- Work on short- and medium-term liquidity management and active working capital management along the value chain in client mandates
- “Deep-dive” analysis and assessment of financial documentation in client mandates
- Temporary support of the controlling team in client mandates with state analyses, forecasts, financial and ad-hoc analyses
- Advancement of internal controlling standards and tools

Profile of Requirements

- Completed university degree (business administration, finance etc.) – for senior positions at least a “Masters” degree (or comparable)
- 3-5 years of relevant professional experience in accounting/controlling or with a management consultancy/auditing firm
- High IT affinity, especially Excel and ERP systems such as SAP, Navision, Oracle and reporting systems/databases
- Willingness to travel in German-speaking countries for at least 50% of the working time
- German and English as native language or fluent (level C1/C2), other foreign languages are beneficial

Our Offer

- A broad and varied range of tasks in challenging client mandates
- A positive and open working atmosphere with flat hierarchies and short communication channels
- The advertised position is calculated with a gross annual salary starting at EUR 75.000,- (full time), depending on qualifications and professional experience, it will be revalued in line with the market.
